Reports of City Officials:

Mayor Lorentz announced that IDATP is still working on our server, phone lines and wiring throughout the building.

On April 12th we received a 911 call about one of our residents falling and breaking a hip. Our Police Chief, Officer Smith and Leonard Wiggins responded due to a long wait for the ambulance. Upon arriving they found out that the gentlemen running the trash routes from Rumpke made the call. They waited with our folks and assisted with making her comfortable by using their spill kit for cushioning. Should you see Adam McKnight or Chad Eisnaugle on their route please thank them. This is just a reminder to all that good people are everywhere, we just need to sometimes stop and take note.

The Safety Service Director and I met with the MOVTA, WWW and Burgess and Niple to discuss the bus line possibility in our city. As of now we have planned a town hall meeting for the public's input. This is scheduled for May 4th at 7-PM in the council chambers.

On April 20th we attended the Muskingum Valley Chamber awards ceremony in Beverly. Our recipient this year for outstanding employee and emergency responder is Donny Myers. Donny is our most senior Dispatcher and very efficient in his role. For the most part Donny is involved in all training within the department.

Hopefully some of you attended the Business Expo today at Boxers. Karen and the Chamber folks did a very good job getting this together.

On Thursday the Tree Commission will travel to Cambridge to accept our tree City Award. Belpre has been a Tree City for over 30 years now.

Friday April 28th at 10-am we will celebrate Arbor Day with the help of the Elementary School students. We will plant a tree with their help and then explain the importance of trees in our city.

Council, as of May 31st I will have an opening on the Health Board representing Belpre. Desiree Kerns, term ends but, she is willing to stay on for another year. I will need a voice vote to make this happen.

On Sunday morning I received a call from our State Rep Jay Edwards. Jay is trying to get us in the budget for this session. He asked if we had a need for anything downtown in the way of improvements. The parameters quoted were narrow so off the cuff I stated we needed technology upgrades throughout our departments. As I hear more, I'll keep you notified.

This morning I had the pleasure of interviewing some very impressive High School Seniors. Hopefully the scholarships awarded will give them the boost needed. Quite a few voiced their desire to return to Belpre to start their new careers.

Tonight, we have Barb Bradley with us from the Health Board. Barb is currently the Administrator as well as helping where needed as the Sanitarian. Barb has a report for you.

Barb Bradley, BD, REHS, Administrator came before council this evening to give a Quarterly Update for Belpre Council.

The Marietta/Belpre Board of Health is pleased to provide you with this update on Health Department services provided to Belpre residents and businesses during the first quarter of 2023.

She spoke on Environmental Health Services, Public Health Nursing Services and Infectious Diseases that were reported for Belpre and Marietta Residents.

Barb stated that their top priority is customer service. She addressed incidents that have happened in our city food truck with no water that had to be shut down, removal of children on Florence Street from a home, humane society removing animals from homes. Some barriers we are facing is lack of communication between Belpre City and the Health Department. I have examples that I can discuss with you after the meeting. Another topic is complaint calls. Mobile Home Parks is another topic that keeps coming up. The Health Department has a contract with the Department of Commerce. Barclay area has the most complaints. Those complaints are forwarded to the Department of Commerce. I would like to see better communication.

She also stated that if there is anything not on the report that you think should be please let me know so that she can gather the information. Discussion followed on septic tanks in the Frame area of Belpre. Barb informed Mr. Null that this was inspected approximately every 5 years ago.

Jesse Wonycott 805 Main Street wanted to know if there is anything we can do to help get the State to move on the inspections. Barb informed Jesse that you could send her a letter that she can forward on.

Ms. Abdella made a motion for a voice vote to appoint Desiree Kerns to remain on for another year. Discussion followed. A vote was taken with all members of council present voting aye.

Safety-Service Director Mrs. Hoblitzel was absent. No report was given in her absence.

City Auditor Mrs. Nolan reported that the Safety Service Director and I compiled and completed the ARPA reporting on Tuesday April 18 which is due April 30.

The state Auditors began their work this morning for the 2022 Audit. They will be working on site this week and next. There is a new State Requirement, each of you were

given a Fraud Questionnaire, the State Auditors request these be completed and returned as soon as possible. Any questions please contact me by email or call. If you want to take home, you can scan and email directly to Lisa Weisend.

The Tax Budget for 2024 will be completed for the Finance Committee's review May 8th meeting. Request for Legislation for the 2024 budget will be requested.

January, February, March bank reconciliations were given to Mr. President for review and signature. President of Council Mr. Martin has reviewed and signed.

The March Utility Report copies are on the back table and needs Councils approval.

Mrs. Dennis made a motion to accept the March Utility Report as presented. A vote was taken with all members of council present voting aye.

City Law Director Mr. Webster stated that everyone should have received a couple of rough drafts. One is an agreement in regard to feral cat program. Mr. Null and I met with folks from Save the Kitty. Please note this is just a proposal because they have to go back to their board that meets May 6th, 2023 to make a decision. The other draft is a lease agreement for vehicles at fire station I and II. This is in regards to the EMS System. This is just a rough document. Any comments or observations can be referred to me or Mrs. Dennis. We will try to get them into the agreement.

City Treasurer Mrs. Cassady reported that the March 2023 Treasurers Report is before you tonight with copies at the back table. I would like to have council's approval on the report. Ms. Abdella made a motion to accept the Treasurers Report as presented. A vote was taken with all members of council present voting aye.

Communication and Petitions: none

I would like to apologize to the fire chief for that and will be calling another committee meeting to discuss that.

Ms. Abdella asked Mr. Webster if he has reviewed the legislation and if not, would he do so. The Senior Center is having a pie in the face contest. I made my \$20 contribution to have the mayor get the pie in the face and I challenge all of you to join me. The pie in the face is either the mayor or Chief Stump.

Mr. Millhone Utilities Committee had no report. Mr. Millhone stated that he has Mike Chambers here with us this evening to discuss the Service Line Warranty Program. This is a Savings Solutions for Aging Infrastructure. This aging infrastructure is problematic for cities and homeowners. He spoke regarding the benefits of this program and what all it covers. He also discussed solutions for municipalities and their homeowners. Revenue share and other benefits to the city are non-tax revenue and can be estimated at \$.50 per product, per month. Cities utilize funds for important initiatives including: Infrastructure improvements, Low-income assistance/community charities and partially offset rate increases. This program saves money for residents that can be re-invested in local economy. Reduces calls to the city and timely repairs reduce water loss from line breaks. For information on the topic please contact Mike Chambers, mike.chambers@homeserveusa.com, or by phone at 724-678-6075.

Mr. McClead Parks and Recreation Committee had no report.

Mr. Wallace Planning and Zoning Committee had no report

Mr. Wallace, Economic Development Committee had no report.

Mr. Null, Rules Committee congratulated the fire department for their promotions. Always good to have a good volunteer fire service. Mr. Null also thanked Barb for coming to give a report on the health department. I would like to thank Tom for the

very productive meeting we had regarding Save the Kitty. It will be after May 6th before we do anything. The committee already approved to reimburse Save the Kitty up to \$10,000 over a year period. It will be probably the last meeting in May before we do anything with it.
